

D-20,846

In the claims:

Please amend claims 5, 6, 17 and 18 as follows:

^{3K} 6. (Once amended) The low void pressure swing adsorption system of Claim 1, wherein said at least one pressure source is a high pressure source.

^{4B} 8. (Once amended) The low void pressure swing adsorption system of Claim 1, wherein said at least one pressure source is a low pressure sink.

^{11B} 17. (Once amended) The low void pressure swing adsorption system of Claim ~~10~~¹⁰, wherein said inlets share said high pressure source connected to said valve and said distribution pipes are maintained at high pressure.

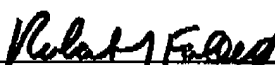

^{12B} 18. (Once amended) The low void pressure swing adsorption system of Claim ~~10~~¹⁰, wherein said inlets share said low pressure sink connected to said valve and said distribution pipes are maintained at low pressure.

RESPONSE

The specification, abstract page and claims have been amended for clarification and to correct the typographical and/or antecedent basis errors noted by the Examiner. It is respectfully submitted that no new matter has been added.

Should the Examiner have any questions with respect to the above, he is encouraged to contact the undersigned.

Respectfully submitted,

Robert J. Follett
